## Professional Summary

Software Engineer completing a BSc in Computer Science by October 2026 and available to start full-time employment. Hands-on experience building and deploying full-stack web and mobile applications, REST APIs, relational databases, authentication systems, and data-informed solutions. Python data analysis experience includes large-scale UK Biobank data and a peer-reviewed publication. Practical, persistent problem-solver with international experience and a strong focus on software quality and user needs.

## Technical Skills

**Programming Languages:** Python, Java, C++, JavaScript, TypeScript, SQL

**Frontend:** React, Next.js, HTML, CSS, Tailwind CSS, responsive design

**Backend and APIs:** ASP.NET Core, Node.js, Express.js, REST APIs, JSON Web Tokens (JWT)

**Databases and Data Analysis:** PostgreSQL, Supabase, SQLite, Pandas, NumPy, SciPy, Matplotlib, Seaborn, Pearson correlation, regression

**Tools and Cloud:** Git, GitHub, Docker, Microsoft Azure, Vercel, Firebase, Capacitor

**Core Knowledge:** Object-oriented programming, data structures and algorithms, software engineering, database systems, web development, machine learning, systems analysis and design

## Relevant Experience

### Data Analyst Intern (Remote) — Nightingale Project, Johannes Gutenberg University Mainz

April 2025–July 2025 | Denmark

- Analyzed large-scale UK Biobank health and environmental data using Python, Pandas, NumPy, SciPy, Pearson correlation, and regression.
- Created data visualizations with Matplotlib and Seaborn, documented analytical methods, and collaborated with an international research team.
- Co-authored a peer-reviewed publication: [doi.org/10.21698/rjeec.2025.210](https://doi.org/10.21698/rjeec.2025.210).

### Housekeeper (Part-Time) — Scandic Hotels

February 2024–Present | Aarhus, Denmark

- Prepare guest rooms to Scandic standards for cleanliness, hygiene, and presentation; replenish amenities, report maintenance concerns, and collaborate with the housekeeping team.

### Customer-Facing Operations Roles — Retail, Hospitality, and Cosmetics

December 2009–October 2019 | Philippines and United Arab Emirates

- Progressed through Sales Assistant, Sales Advisor, Cashier, Front Desk Cashier, Sales Consultant, and Beauty Advisor roles.
- Supported customers, financial transactions, inventory, displays, and daily operations across multicultural workplaces.

## Software Projects

### Nutri-Tsek — BSc Thesis | 2026

Next.js, TypeScript, ASP.NET Core, PostgreSQL, REST APIs, JWT, Android, Capacitor

- Built and deployed a full-stack web and Android application with REST APIs, authentication, barcode scanning, nutrition scoring, testing, cloud deployment, and ongoing maintenance.
- Live application: [nutritsek.duquizaolesen.com](https://nutritsek.duquizaolesen.com); source code: [github.com/GraceDuquiza/Nutri-Tsek](https://github.com/GraceDuquiza/Nutri-Tsek).

### Online Python Tutor — Modernized Fork | 2025

Python, JavaScript, open-source maintenance

- Modernized an existing codebase by replacing deprecated modules, removing exposed API keys, resolving warnings, and verifying Python 3.6–3.14 compatibility.
- Source code: [github.com/GraceDuquiza/OnlinePythonTutor-Py3](https://github.com/GraceDuquiza/OnlinePythonTutor-Py3).

## Software Projects (continued)

---

### Danish Vocabulary Trainer | 2025

HTML, CSS, JavaScript

- Developed a mobile-friendly study and quiz application with bilingual vocabulary, grammar lessons, exercises, and answer keys.
- Live demo: [graceduquiza.github.io/Danish\\_Vocab\\_Trainer](https://graceduquiza.github.io/Danish_Vocab_Trainer).

### Sudoku Learn | 2025

JavaScript, responsive design, LocalStorage

- Created a learning-focused game with 4x4 and 9x9 boards, state management, smart hints, undo/redo, and automatic progress saving.
- Live demo: [graceduquiza.github.io/SudokuGame](https://graceduquiza.github.io/SudokuGame).

## Education

---

### Bachelor of Science in Computer Science — AMA University Online Education

2021–Expected graduation: October 2026 | Quezon City, Philippines (Online)

Coursework: Software Engineering, Data Structures and Algorithms, Database Systems, Object-Oriented Programming, Web Development, Machine Learning, and Systems Analysis and Design.

### Accountancy Short Course — Filipino Institute UAE

2018 | Dubai, United Arab Emirates

Completed the course with Third Honors in Accounting.

### Bachelor of Science in Accountancy — Carlos Hilado Memorial State College

2012–2013 | Bacolod City, Philippines

Completed one year of the degree program.

## Professional Development

---

### Mentee — Danish Data Science Academy Mentorship Programme

October 2025–June 2026 | Denmark

Selected to develop data science, research, and career-planning skills through mentorship activities and networking with data science professionals.

### Danish Language — Prøve i Dansk 3 (PD3) — AOF

2024–2025 | Denmark

Passed the Prøve i Dansk 3 (PD3) examination.

### FVU Danish Language Studies — CLAVIS

2024–Present | Denmark

Continuing to develop Danish-language and workplace communication skills through FVU studies.

## Additional Experience

---

### Au Pair — Cultural Exchange — Egersund, Norway

November 2021–June 2023 | Norway

Provided childcare and household support while strengthening responsibility, flexibility, and cross-cultural communication.

### Au Pair — Cultural Exchange — Risskov, Denmark

November 2019–October 2021 | Denmark

Provided household support while adapting to a new country, culture, and language.

## Languages and Additional Skills

---

**Languages:** English (fluent), Danish (PD3 certified), Hiligaynon (mother tongue), Tagalog (native proficiency)

**Professional Skills:** Practical problem solving, continuous learning, persistence, responsibility, adaptability, and cross-cultural collaboration

**Honor:** Third Honor, Accounting, Filipino Institute UAE (2018)
